

Handmade
supported by machine
in granite, basalt & sandstone:
Cleaved, trimmed, pointed,
hammered, flattened, flamed, polished
Measurements: see individual drawings

For special needs and wishes we offer
custom made products. The shape,
processing and measurement is carried
out as requested, restricted just in terms
of production, limitation of natural stones.

For offer and production the customer
should provide an exact drawing, showing
measurements, shapes and the processing
of each unit.
